

YEAR 10 & 11 COURSES

Subject	Cambridge National in IT
Course Level	Cambridge National Certificate
Examining Body	OCR

What will I be studying?

You may be interested in this if you want an engaging qualification where you will use your learning in practical, real-life situations, such as:

- using different applications and tools to design, create and evaluate IT solutions and products
- creating a data manipulation solution
- creating an Augmented Reality prototype. This will help you to develop independence and confidence in using skills that would be relevant to the IT sector.

This will help you to develop independence and confidence in using skills that would be relevant to the IT sector.

What skills will I develop?

- planning and designing IT solutions and products for a given purpose
- selecting the best tools and techniques to solve a problem
- solving problems by exploring different software application tools and techniques
- creating IT solutions and digital products
- use of planning techniques to complete tasks in an organised and timely way
- finding imaginative ways to solve IT problems.

How will the course be structured?

The course is made up of 3 mandatory units as follows

Unit R050: IT in the digital world

Unit R060: Data manipulation using spreadsheets

Unit R070: Using Augmented Reality to present information

How will I be assessed?

Unit R050: IT in the digital world

48 GLH 1 hour 30 minute written examination

70 marks (80 UMS)

OCR-set and marked

Calculators are not required in this exam

Unit R060: Data manipulation using spreadsheets

36 GLH OCR-set assignment 60 marks (60 UMS)

Centre-assessed and OCR moderate

Unit R070: Using Augmented Reality to present information

36 GLH

OCR-set assignment

60 marks (60 UMS)

Centre-assessed and OCR moderated

If you have any further questions about taking this course, who should you speak to?

1. Your Computing Teacher
2. Head of Computing – Mr Bayeh
